About Eatoco by Yoshikawa

Yoshikawa Co., Ltd. has been producing exceptional metalwork in Tsubame-Sanjo, Niigata Prefecture since 1946—a region internationally celebrated for its centuries-old tradition of precision metal craftsmanship. Rooted in a deep respect for quality and functionality, Yoshikawa combines time-honoured techniques with modern innovation to create tools that are both durable and refined.

The Eatoco series—derived from the concept of EAT + COOKING—was developed in collaboration with the renowned Japanese design studio h Concept. This thoughtfully curated collection reimagines everyday kitchen tools as beautifully minimal pieces designed to transition seamlessly from preparation to presentation. Each item is carefully crafted using traditional Tsubame-Sanjo metalworking methods, ensuring exceptional performance, balance, and longevity.

Defined by clean lines, tactile finishes, and a focus on user experience, Eatoco products elevate the act of cooking into a more intentional and enjoyable process. Whether used in the kitchen or placed directly on the dining table, these tools embody the harmony of Japanese design—where practicality meets understated elegance.
